Mr. Jose Maria Cárdenas

President, Neighborhoods at Anvaya Cove Homeowners Association, Inc. (NHOAI) Anvaya Cove, Brgy. Sabang and Mabayo, Morong, Bataan

Re: NHOAI Board Coordination Regarding Anvaya's Emergency Medical Preparedness

Dear Mr. Cárdenas,

We hope this letter finds you well.

We write regarding the concern posted by the NHOAI board about the need to enhance Anvaya Cove's emergency medical response capabilities. We appreciate your continued advocacy for the health and safety of the community and acknowledge the Board's concerns on this matter as the same was also discussed with emphasis in several board meetings covering prior years and officially documented in your letter dated September 2, 2025.

We understand and share your sense of urgency in ensuring that Anvaya Cove will be able to address such concerns. Summarized as follows are the steps taken by the team:

1. **Overall review of existing medical facilities and services** – We have tasked the team to do a full audit of existing resources and identify critical gaps that could be upgraded

A. Audit

- On site Doctor, Dra. Diana Caga, is conducting a full site audit
- Bernard Bibangco EMT Head at Baypointe Hospital, is assisting with the audit of the Emergency Response Vehicles (ERV)
- NHOA Board Members, Dr. Albert Ablang and Mr. Che Cardenas, have helped spearhead a countercheck of the existing inventory and the full medical audit
- Annex A: Attached is a table comparing the suggested improvements by NHOAI members as submitted by the NHOAI board to ALI last September 22, 2025.

B. Inventory of Medicine, Supplies and Equipment

- Annex B-1 to B-3: Breakdown of existing Medicine, Supplies, and Equipment
- Annex B-4: Immediate items to be added
- Supplemental items to be added if there are any findings during the audit

C. Emergency response vehicle

- Annex C-1: Breakdown of the existing ERV checklist of items
- Annex C-2: Immediate items to be added
- Supplemental items to be added if there are any findings during the audit

2. **Engagement of additional and capable Doctors at the site** – We are engaging with medical service providers who can deploy specialists and improve manpower capabilities at the site

A. On-Site Doctors

- Dra. Diana Caga, now stationed on-site after the last major medical incident, is a licensed general practitioner with BLS, OSH, and ACLS certifications, and relevant urgent care experience, including beach- and water-related cases.
- A second doctor is targeted to be deployed by the second week of October 2025 to extend clinic hours. The team is also assessing the feasibility of engaging an Emergency Response specialist as recommended by the NHOAI board.

B. **Emergency Response Team**

- Annex D: List of Trainings and Qualifications of all of our Guards on Duty related to basic life and safety programs
- 3. **Future Plans** The team has been working with several groups to explore possibilities of upgrading medical services and emergency response for the development

A. ERV Upgrade

Assessment ongoing; report expected by October 2025

B. Emergency Transport Options

• Exploration of more efficient air, land, and water transport alternatives. Full report targeted for November 2025.

C. Hospital Partnerships

- Continued engagement with Baypointe Hospital and the upcoming local government hospital across Anvaya. Meetings targeted for November 2025 to explore facility upgrades.
- We will also look into other hospitals that can service our stakeholders

D. Senior Care Programs with AC Health and Healthway

 Initial focus group discussions held in February 2025. Program implementation will depend on overall service assessments across ALI estates. Presentation of findings to ALI is targeted for December 2025.

E. Expanded On-Site Services

• Exploring additional services for Anvaya Cove stakeholders and nearby barangays.

We have already implemented several improvements and continue to pursue long-term solutions to strengthen emergency medical response in Anvaya Cove.

Please rest assured that we take this issue seriously, and we are committed to working closely with the NHOAI Board to deliver a safer and more resilient emergency response framework for Anvaya Cove.

Thank you once again for your proactive leadership. We look forward to continued collaboration on this matter.

Joshua Zacarias E. de Jesus

Division Manager Ayala Land, Inc.

ANNEX A: Table comparing the suggested improvements by NHOAI members as submitted by the NHOAI board to ALI last September 22, 2025.

MAJOR ITEMS	ITEM NUMBER	NHOAI COMMENTS	FEEDBACK
		Rapid response for heart attack, stroke, falls, fractures, breathing difficulty,	Parameter I and the State of Control of Cont
	1	allergic reaction	Response time kept within 5 to 10 minutes
KEY PRIORITIES FOR SENIORS DURING EMERGENCIES	2	Easy access to oxygen & AED	Oxygen - already provided (both portable and non portable AED - 4 units available and distributed at BNC and GSC locations
	3	Safe, quick transfer to hospital	2 ERVs currently being utilized with some upgrades already done. These will further be enhanced once full audit has been completed this October 2025.
	4	Reception/triage area – for quick check-in and assessment.	Available
	5	Treatment room – with a patient bed/stretcher and good lighting.	Available
SPACE AND SETUP	6	Emergency/Resuscitation corner – enough space for CPR and equipment.	Available
SPACE AND SETUP	7	Basic pharmacy cabinet – for commonly used emergency and maintenance meds. Esp for heart attacks and strokes!	Available
İ	8	Accessible restroom – elderly-friendly, with grab bars.	Available
		Basic monitoring tools:	
	9	Digital BP monitors (automatic & manual with stethoscope)	2 units available
	10	Pulse oximeter	5 units available
	11	Thermometers (digital, infrared)	5 units available
	12	Glucometer	3 units available
	13	ECG machine (portable)	1 unit available
ľ	- 15	Emergency equipment:	2 diffe definable
ľ	14	AED (Automated External Defibrillator) – must-have for seniors	4 units available
	15	Oxygen supply (cylinders or concentrator) with masks & nasal cannulas	5 units available
ESSENTIAL EQUIPMENT	16	Suction machine (portable)	1 unit available
•			1 unit available
ŀ	17		A On a On help
ŀ	18	Spine board or stretcher with wheels	4 units available
•	19	Nebulizer	3 units available
		General tools:	
	20	Wheelchair(s)	3 units available
	21	Walking aids (cane, walker) for lending	Might be better to provide wheelchair since we have 3 at the site
	22	First aid kits (trauma dressing, splints, burn care)	Available
	23	Cardiac & resuscitation meds: aspirin, nitroglycerin, adrenaline (epinephrine), atropine	All available except Atropine
	24	Respiratory meds: salbutamol nebules, steroids (IV/IM), antihistamines	Available
EMERGENCY MEDICINES	25	Diabetic emergencies: glucose tablets/IV dextrose, glucagon kit	To purchase Glucose tablets and Glucagon Kit
LIVILINGLINGT IVIEDICINES	26	Pain & fever: paracetamol, ibuprofen	Available
	27	Common injectables: antihypertensives, antibiotics (for urgent use, not routine)	Nicardipine and antibiotic tablets available
	28	EpiPen equivalents for severe allergies	Awaiting audit findings
	29	1 nurse on duty (with BLS/ACLS training)	Available
TRAINED PERSONNEL	30	On-call doctor (GP or internist) nearby	GP Available; Sourcing Emergency Response specialist as suggested by the NHOAI board
ļ	31	Security/maintenance staff trained in CPR and AED use	Available
	32	Direct hotline to nearest hospital/ambulance service	Available
·	33	Provide a list of phones numbers	Available
COMMUNICATION AND COORDINATION	34	Emergency call buttons or system in the community	Available
COMMISSION AND COORDINATION	35	Clear emergency response protocol (who to call, what to do, transport routes)	Available
	36	Blood pressure & sugar monitoring	Available
†	37	Regular wellness checks (weight, mobility, memory screening)	Available
PREVENTIVE/SENIOR FOCUSED CARE		Health talks (fall prevention, hydration, exercise, medication reminders)	Available
· neveritive, serious rocoses crine	38

ANNEX B-3: Breakdown of Existing Equipment

Item
Laryngoscope
Ambu Bag
Stretcher
Spine Board
Nebulizer
Thermometer
BP apparatus (Automatic)
BP apparatus (Digital)
Minor Suturing Set
Glucometer
First Aid Kit (FO-1, Pawikan-1, Fabrication-1, Clinic-3, SKV-1, LG Beach Area-1, Water Sports-1, Speed boat-2, Poll BH-1, Laundry-1, Tower Bar-1, Sunset-1)
Automated External Defibrillator (AED)
Otoscope/ Ophthalmoscope
Pulse Oximeter (Adult)
Pulse Oximeter (Pedia)
ECG
Suction Machine
Oxygen Tank (Big)
Oxygen Tank (Medium)
Sterilizer
Portable Nebulizer
Wheel Chair at the Front Office
Wooded Splint Set
Stethoscope
Drop Light
Pen Light
Weighing Scale
